+ 44 (0)28 2766 8071 OR 07538 292 303

Publication Date: 5th April 2020

Hello dear Friends,

We hope you are managing to stay safe and self-isolate as necessary. Isn't it good news to hear that the number of cases and deaths in Spain and Italy are falling, so I hope that will be us here in the UK in another month or two.

If your family or friends have lost someone at this horrendous time, please accept our sincerest condolences. It must be so hard right now. We feel for every one of you.

As we have no guests at the moment, Chris and I are volunteering in the Community. We are part of a group called "Causeway Scrubs". It's a group of about 50 seamstresses and drivers who are making scrubs and masks for the Causeway Hospital. Some make the scrubs, some deliver fabric TO the seamstresses and there is a central hub to take finished scrubs and masks to and from there they get taken to the Causeway Hospital.

Chris is the Co-ordinator and I'm one of the many drivers. At a time when we seem so helpless to do ANYTHING, it's very uplifting how Communities have come together in a time of need.

In our last Newsletter, we told you about the long lane leading down to our house. It's a third of a mile long and was FULL of potholes.

We took our time sourcing Groundworks Companies and went along to see a few of them at work, and eventually chose one - not the cheapest and not the most expensive either, but we just liked they guy and felt he was someone we could work with. It was completed in three days with several men on site and now, it's like a MOTORWAY (I think we might even make it a "toll road" ha ha !)

We're not sure when this 'lockdown' will end, but in the meantime, we wish you and your family very warm wishes and hope that this nightmare will end soon.

Speak soon,

Krissi & Chris Rochelle

Rave Review (taken from our Testimonials) :

"Beautiful house, great hosts, every need catered for. Comfortable lounge and everywhere just spotless. Thank you."

Jackie Venn, Abruzzo, Italy
