Publication Date: August 2020

Hello dear Friends and welcome to our August Newsletter.

What's new:

Here at Longview House we are very excited to be welcoming guests again after a very busy four months – yes, BUSY! Not with guests of course, but with the final decorating to the inside of the house and further improvements to our outside space.

The Garden:

Most of the work recently consists of weeding our newly created garden and trying out many different suggested ways of protecting all our hard work from slugs, snails and rabbits)!! (Any proven remedies welcomed) lol

We have bought some more silver birch trees. They are in pots at the moment to allow them to achieve a healthy root ball and we will plant them out on the drive in the Autumn. The trees we planted last year have come along very well, with the exception of the Spruce Tree which we planted in an area that was too wet and sadly, despite our best efforts to save it, it didn't survive.

The Hornbeam hedge we planted last year (100 feet of it) is doing well.

The Patio:

Progress has been slow outside as we want to create a proper patio area with colourful fencing and an adult swing, but of course, even after the stores opened up again, they didn't have any stock - or paint !

Many people I imagine, had the same idea as us - improving the outside space, but no factories have been working during lockdown either so it will take a while to build up stocks again. If you are visiting this Summer, please excuse this area which might still be a 'work in progress'.

The Bedrooms:

Earlier this week we took delivery of 2 more handmade beds. We feel it's important to buy the best beds we can for maximum comfort for our guests. The beds have 3000 coil springs and 10 inch mattresses. We will have new photos on the Web Page when the room is finished.

The Virus:

We want to give our guests peace of mind when booking.

Chris and I have not had the Corona Virus even though Chris has been a front-line worker throughout.

We are taking further precautions in this regard. Even though it seems we are having fewer cases of Covid 19 reported; here at Longview House, we are not prepared to let our already high standards fall and so we have hand gel readily available. All areas, including surfaces and door handles are cleaned regularly throughout the day.

Attractions:

Tourist attractions, like the Giant's Causeway - (a World Heritage Site), The Carrick-a-Rede Rope Bridge, 11 Game of Thrones filming locations plus the Award -winning Titanic Museum are all re-opening.

So too, are National Trust Properties and Gardens, Castles, the 9 Blue Flag beaches and the Ulster American Folk Museum so it's all very exciting (and all within easy driving distance from Longview House).

If you are contemplating a trip to Northern Ireland, you can download the FREE Publications from our Website to help you make some plans.

www.longviewhouse.co.uk

We are perfectly placed for all the Tourist Attractions and the Causeway Coast and just a little reminder that we are a luxury Bed & Breakfast **exclusively for adults.**

/Cont.....

Finally, we have already taken quite a few bookings for next year and are pleased and honoured to have returning guests too.

You can book by calling us direct on +44 (028) 2766 8071 +44 07538 292 303 or by looking at the 'Offers' Page on our secure Website:

<https://www.longviewhouse.co.uk/>

With very best wishes,

Stay safe,

Krissi & Chris Rochelle

Rave Review (taken from our Testimonials):

"Krissi and Chris are wonderful hosts. We had afternoon tea when we arrived with home-made fruit scones and banana bread. The house was very tastefully decorated, modern and comfortable. The bed was luxurious with fine linens and the softest fluffiest towels ever! Breakfast was amazing as was the conversation afterwards. Would highly recommend and we will definitely book to stay here again. Mr & Mrs J. Elphick, Cambridgeshire U.K.

For Special Offers in all Seasons, please visit our Website. Just click on the link <https://www.longviewhouse.co.uk>

If you do not want to receive our 'Letter from Longview' in the future, please send us a quick e-mail to info@longviewhouse.co.uk and we will remove you from our list
